SPECIAL ANTELOPE ARCHERY SEASON

All antelope hunting districts shall be open to archery hunting for either-sex antelope by antelope license holders September 8 - October 6, 1979.

During the special archery season, each hunter must possess an archery license in addition to an antelope license. The license shall be valid only in the specified district. Archery licenses are not required during the regular hunting seasons. During special archery seasons, only long bows and arrows may be used.

SEASON TYPES

A season type is a number that indicates a specific combination of bag limits and hunting dates. It is used during drawings to tell the computer exactly what you have applied for.

Your applications for drawings must include both the hunting district number and season type number for each species applied for.

Season types are listed along with season dates and bag limits. Season types for antelope indicate the following dates and bag limits:

TYPE	BAG	HUNTING DATES
01	either sex	September 16 through October 28
02	either sex	October 7 through October 28
03	either sex	October 7 through November 4
04	either sex	October 7 through October 21
05	either sex	October 21 through November 4

BIGHORN SHEEP

License is valid only in district specified on license.

Applicants for sheep hunting districts 300, 301, 302, 303, 500, 501 and 502 are advised that these areas are high, rugged and difficult to hunt, therefore, hunter success has been very low.

In some unlimited districts, seasons may close quite early when quotas are reached. Check with a Fish and Game office before beginning your hunt.

Limit: One bighorn sheep subject to the sex and age specifications on the hunting license. License is valid only in district specified on license. In addition to other requirements imposed by law and Commission regulation: hunters taking bighorn sheep must be able to show on demand for inspection the kill site and complete head.

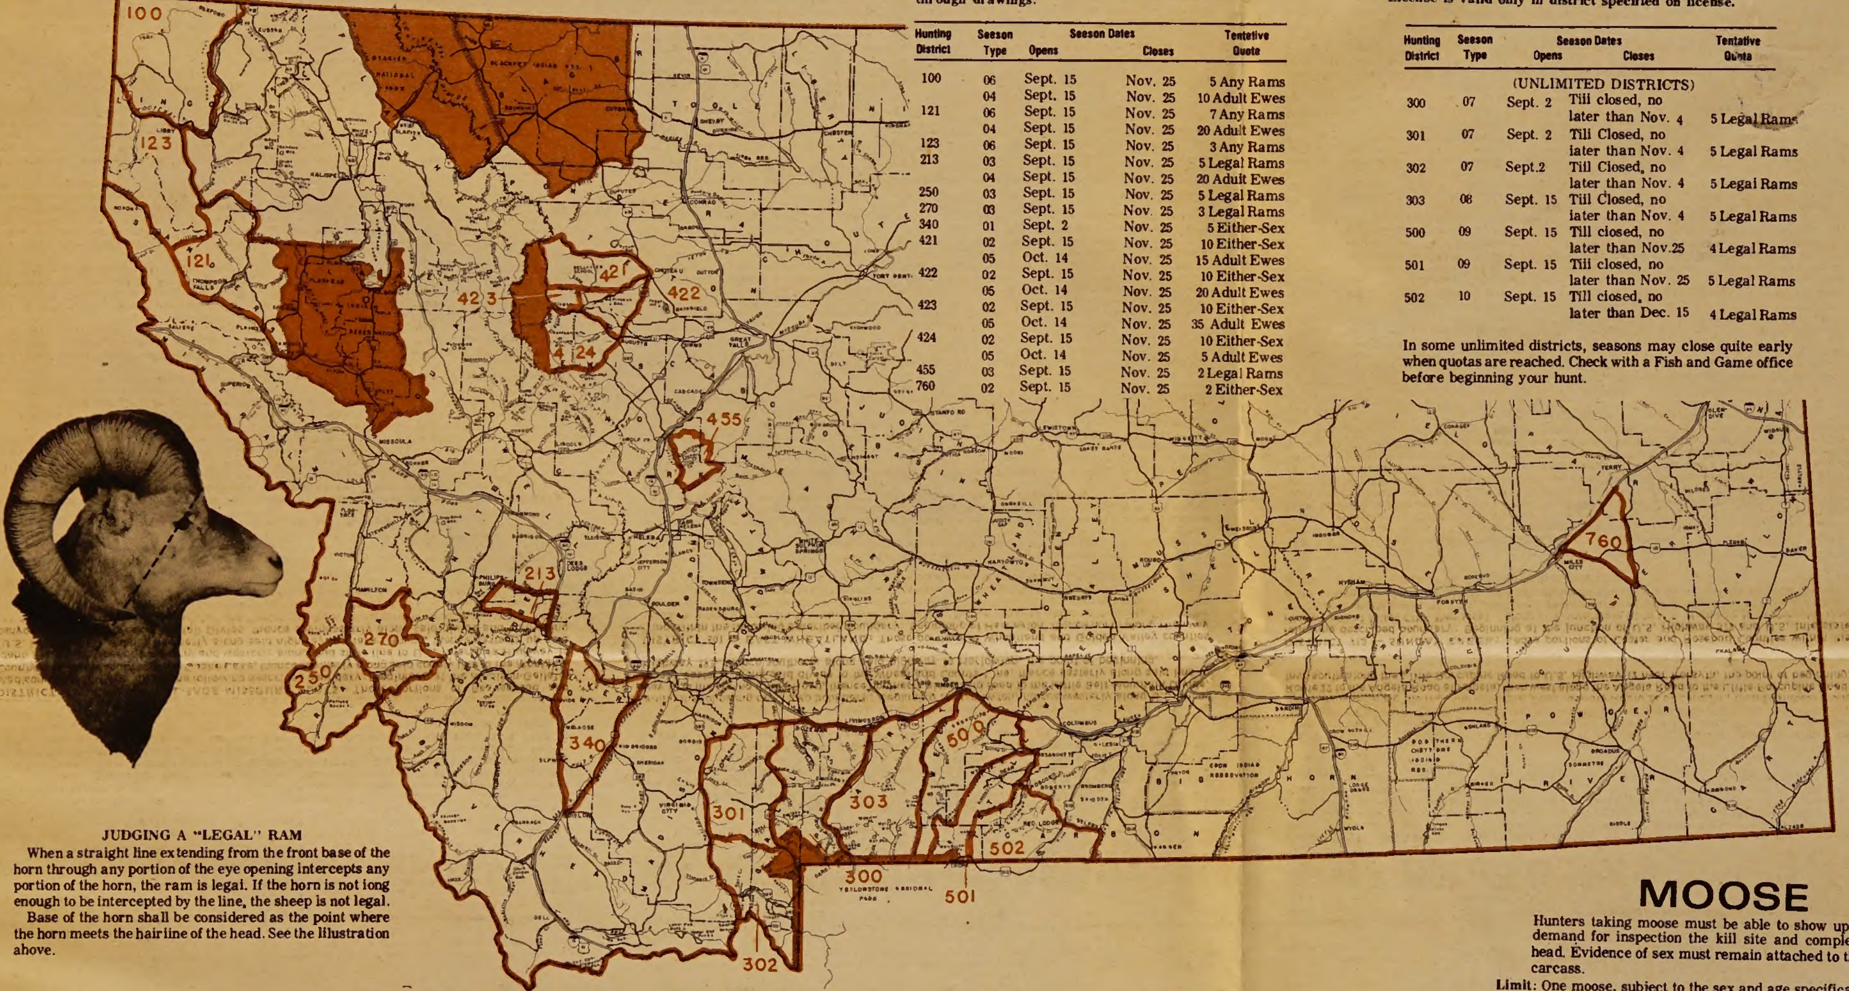
POSSESSION-TRANSPORTATION PERMIT: A holder of a valid bighorn sheep license who kills a bighorn sheep in hunting districts 100, 121, 123, 213, 270, 340, 421, 422, 423, 424, 455 and 760 must, within 10 days, present the head and cape to any Fish and Game office or Game Warden for tagging and issuance of a possession and transportation permit.

A holder of a valid bighorn sheep license who kills a bighorn sheep in hunting districts 300, 301, 302, 303, 500, 501 and 502 must personally present the head and cape within 48 hours to any Fish and Game office or Game Warden for tagging and issuance of a possession and transportation permit.

Penalty: Failure to comply with these regulations constitutes a misdemeanor, punishable by a fine of not less than $500 nor more than $1,000 dollars, up to 6 months in the county jail, or both and in addition, loss of license privileges for not less than 30 months. In addition, the animal carcass and complete head remain the property of the state of Montana.

48 HOUR CLOSURES: Bighorn sheep licenses for hunting districts 300, 301, 302, 303, 500, 501 and 502 must be purchased no later than August 31, 1979 (no drawing required). The bighorn sheep hunting season may be closed on 48 hours notice in these districts.

QUIET ZONES: All mountain sheep hunting in the "quiet zone" portion of hunting districts 423 and 424 closes one-half hour after sunset October 29, 1979. See legal descriptions of hunting districts for description of "quiet zones."



JUDGING A "LEGAL" RAM

When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the sheep is not legal.

Base of the horn shall be considered as the point where the horn meets the hairline of the head. See the illustration above.

SEASON TYPES

A season type is a number that indicates a specific combination of bag limits and hunting dates. It is used during drawings to tell the computer exactly what you have applied for.

Your applications for drawings must include both the hunting district number and season type number for each species applied for.

Season types for bighorn sheep, mountain goats and moose indicate the following dates and bag limits:
